Invitation to tender

IALB is subcontracting the following service:

Elaboration of the AKIS country report within the framework of the Horizon 2020 EU project i2connect (Grant Agreement No. 863039) **for the Czech Republic**, to be completed **by 30.9.2020** and updated in the period **1.6. 2024 to 31.10.2024**.

The AKIS country report must meet the requirements set out in work package 1, Task 1.2 of the i2connect project. Components of this work contract are in particular

- the graphical illustration of the AKIS,
- realisation and evaluation of semi-structured interviews,
- realisation and evaluation of a survey and
- the written report in English language.
- The forestry sector is to be newly included in the AKIS country report.
- Participation and cooperation in project task meetings.

The basis for the elaboration is the Pro-AKIS country report of 2013/14, which is to be updated and in detail always the currently valid specifications of the University of Hohenheim (Workpackage 1 Leader and Task Leader 1.2 in the i2connect project). At the present time these are:

- AKIS country report guideline
- AKIS Inventory and the i2connect AS database - An Introduction to the tasks –

In the budget plan of the i2connect project, max. 5000 € are foreseen for this task.
